Implementation of Colour Indentification Marking and Russian Warning on LB-52U

Dear Our Valued Customers,

We would like to announce herewith that colour identification marking on electrode holder end and additional Russian warning note will be implemented on both inner & outer packaging of LB-52U.

There will be 2 colour code identifications printed on the electrode holder end, of which 1st BLUE colour on electrode holder tip followed by 2nd PINK colour on the surface of the electrode holder end as shown in below pictures.

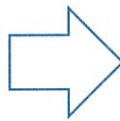

In addition, we are going to implement additional warning note in Russian language.

They will take effect as of our production in Japan in October 2019 onwards. Please note that imprint of electrode designation will remain unchanged.

Should you need further clarification with regards to this matter, kindly contact KOBELCO supplier.

1. Identification colour marking

<Subject product> : LB-52U

2. Additional Russian Warning

<Subject product> : LB-52U

WARNING : PROTECT yourself and others. Read and understand this information. FUMES AND GASES can be hazardous to your health. ARC RAYS can injure eyes and burn skin. ELECTRIC SHOCK can KILL.

- Before use, read and understand the manufacturer's instructions, Safety Data Sheets (SDSs), and your employer's safety practices.
- Keep your head out of the fumes.
- Use enough ventilation, exhaust at the arc, or both, to keep fumes and gases from your breathing zone and the general area.
- Wear correct eye, ear, and body protection.
- Do not touch live electrical parts.
- See American National Standard Z49.1, Safety in Welding, Cutting, and Allied Processes, published by the American Welding Society, 550 NW LeJeune Road, Miami, FL 33126 ; OSHA Safety and Health Standards, available from the U.S. Government Printing Office.

DO NOT REMOVE THIS INFORMATION

Внимание: Сварочный дым и выделяемые газы опасны для здоровья и могут повредить легкие и другие органы. Обеспечьте достаточную вентиляцию! Излучения дуги и искры могут повредить глаза и вызвать ожоги кожи. Необходимо использовать защиту рук, головы, глаз и тела. Удар током может быть смертельно опасен. Внимательно прочтите Руководство по безопасности для данного изделия.

Additional Warning note in Russian language
